Projects

UNDULATUS ASPERATUS

Live Page | GitHub

Single-page web application for music sharing with a React/Redux Frontend and a Ruby on Rails backend. Inspired by SoundCloud's UX

- Built an audio player with custom controls
- Created reusable components to keep code DRY and scalable

CODE INTENSIVE

Live Page | GitHub

Education

App Academy || 2018

- 1000-hour immersive full-stack web development intensive with <3% acceptance rate
- Topics include: TDD, scalability, algorithms, OOP, coding style, REST, security, single-page apps, and web development best practices.

University of Florida || 2007-2011

- B.A. Political Science

Work Experience

iMater Academy || Chemistry Teacher || 2014 -2016

- Worked with my department to improve scores in state testing for sciences by 18% for 9th, 10th and 11th graders.
- Responsible for creating the chemistry curriculum in a Title 1 school that had recently opened. Over 60% of my students were English as a Second Language (ESL)
